4-1-2024

Dear Parent/Guardian,

Subject: 5th through 12th Grade Immunization Clinics

The HNH Immunization program will be providing an immunization school-based clinic at Saraland Elementary School, Saraland Middle School, and Saraland High School for 5th through 12th grade students. We are including more grade levels in the attempt to target those students that may need the Meningococcal or HPV vaccination. On the consent form, there is a place to complete your insurance information, if you do not have insurance, it is offered free of charge.

Remember, the Tdap is mandatory for 6th grade entry. Additionally, most colleges require the Tdap to be current and a second Meningococcal vaccination, especially if they are living in a dormitory. HNH is offering all three vaccines to your student on the following date: **Wednesday, May 1, 2024**. Read the attached letter from HNH about the vaccines that will be offered.

At the top of the Vaccine Consent Form, place your initials on the line of the vaccine or vaccines that you want your child to receive. Answer all the questions on the form, sign the form, and return the completed consent form to the school nurse by Monday, April 29th.

We will make a copy of the student's current immunization card for the nurses. Once the student receives the vaccine, we will create your child a new immunization card for school. This information will also be put in the Alabama's Imprint site for future verification of vaccines for your child.

This is a clinic to help our children, adolescents, families, school, and community to decrease vaccine-preventable disease. If you have any questions, please contact Diana Collins, Lead Nurse, at 251-586-1495.

Thank you,

Diana Collins MSN, RN
Supervisor of Health Services
Saraland City School System
